Portland, Ore - Congressman Earl Blumenauer (D-Ore.) will speak to the Gresham Lions Club on April 15th, Tax Day, regarding the relentless pressure being placed on middle-class families that fall victim to the Alternative Minimum Tax.

Mr. Blumenauer will discuss the President's misguided priority of making permanent tax relief for the rich at the expense of Oregon working families. The Alternative Minimum Tax, which was designed to catch a tiny number of millionaires who paid no tax whatsoever, is now falling heavily on the backs of people who are paying substantial property tax and income tax bills here in Oregon.

Congressman Earl Blumenauer will make a public appearance at the Gresham Lions Club tomorrow, April 15th at 7:25 a.m. and will be available for comment afterward.
