

**OFFICE OF CONGRESSMAN EARL BLUMENAUER
SURFACE TRANSPORTATION AUTHORIZATION
HIGH PRIORITY PROJECT REQUEST FORM**

DEADLINE FOR SUBMISSION: FRIDAY, APRIL 24, 2009

This form must be filled out in its entirety. It must be accompanied by at least one letter of support from a state, regional, or local governmental official specifically supporting the project request. This letter should discuss the merits of the project; specify the process to provide the public with an opportunity to comment on the project; and identify the other sources of Federal, state, or private funding that will be used to complete this project or project phase. This letter must contain an explicit statement of support for the project. In addition, if you are requesting less than 80 percent of the total estimated cost of the specific segment or activity, the letter must identify other specifically designated Federal, state, local, or private funding sources that, combined with this request, equal at least 80 percent of the total estimated cost. Please use **boldface font** to highlight these statements in the letter.

The deadline to submit this form and the support letter is Friday, April 24, 2009. No exceptions. Please submit this form along with any supplementary materials to David Skillman via email at David [redacted] .gov. If you have any questions or concerns, please contact David at ([redacted])

Form instructions: This form contains drop-down menus to answer some questions. To access the drop-down menu, run your cursor over "Select One" or "Select One if Applicable" and click your mouse. A drop-down menu will appear and you can select the appropriate answer. Additionally, written answers should be typed in the gray boxes provided.

1. Project Title:

Light Rail to Oregon City, Oregon Alternatives Analysis (AA)

2. Organization (project sponsor) Name and Address: (if state or local entity, please identify specific department requesting funding)

Tri-County Metropolitan Transit District (TriMet), 4012 SE 17th Street, Portland, OR 97202

3. Primary contact name, phone number, mobile phone number, fax number, and e-mail:

Neil McFarlane

Telephone: [redacted]

Fax: 503-253-6000

lortsk

4. Project location address (if different from organization):

N/A

5. What is the purpose of the project? Why is it a valuable use of taxpayer funds? How will the project support efforts to improve the economy and create jobs in Oregon?

The project will develop a locally preferred alternative for extending high capacity transit to Oregon City via either I-205 or McLoughlin Blvd, or both

6. Are you requesting Federal funds for more than one project in this bill? Yes
If Yes, this project is priority 12 of 12 total requests for your organization.
(For example, priority 1 of 3 requests or priority 3 of 3 requests.)

7. Are you requesting funds from other Members of Congress? Yes
If Yes, which Members? Congressman Kurt Schrader

8. Please select which type of eligible project under Title 23 (Highways) or Chapter 53 of Title 49 (Public Transit) of the U.S. Code for which you are requesting funding. (Note: The Committee will not accept requests for non-surface transportation projects, such as transportation museums, horse trails, or historic battlefields, as part of the High Priority Projects program.)

Highway Project (Title 23)

Type: Not a Highway Project

Located on a Federal-aid highway? Select One

Located on the National Highway System? Select One

Located on the Interstate System? Select One

Public Transit Project (Chapter 53 of Title 49)

Indicate Type with an 'X':

Passenger Vehicles

Transit Bus or Van

Transit Rail Car or Locomotive, including Streetcars

Transit Ferry

Transit Facilities

Vehicle Maintenance or Administration Facility

Passenger Facility, including Intermodal Facilities, stations, and terminals

Transit Rights-of-Way

Property Acquisition Corridor Development

Rail Track Construction or Maintenance

Bus-only Lane Construction or Maintenance

Transit Equipment

Vehicle-related Equipment System-related Equipment

New Start Project (A New Start project is a major *new* fixed guideway capital project seeking more than \$75 million in Federal funds.)

Small Start Project (A Small Start project is a *new* fixed guideway capital project seeking less than \$75 million in Federal funds and with a total estimated net capital cost of less than \$250 million.)

Rail

Intercity Passenger Rail (Not commuter rail. Commuter rail should be requested under public transit)

Is the project located within a corridor previously designated by the Secretary of Transportation pursuant to section 104(d)(2) of Title 23, United States Code, or the Northeast Corridor? Select One

If Yes, which Corridor: Select One

Freight Rail
Select Rail Class

Research

University Transportation Center
 Other

9. Did the Federal Highway Administration, Federal Transit Administration, State Department of Transportation, or public transit agency confirm that the project is eligible under Title 23 (Highways) or Chapter 53 of Title 49 (Public Transit) of the United States Code? Yes

If Yes, which entity confirmed the project eligibility?

FHWA, FTA, State DOT, or Public Transit Agency:

Tri-County Metropolitan Transportation District (TriMet) -

public transit agency

Contact information (Name, Position, Phone):

Neil McFarlane, Executive Director of Capital Projects, 503-

According to the entity, is the project eligible under Title 23, Title 49, or both:
Title 49

10. Please identify the state, regional, or local governmental entity that is an eligible recipient of the funds. Please include an address. (For example, a State Department of Transportation, public transit agency, Metropolitan Planning Organization, local government, or Federally-recognized tribe.) Note: If a project is a multi-state project, please identify the state, regional, or local governmental entity which will serve as the lead agency for the project.

Tri-County Metropolitan Transportation District (TriMet), 4012 SE 17th Ave., Portland, OR 97202 - public transit agency

11. Please identify and describe the specific segment or activity for which project funding is requested. (The request must finance at least 80 percent of the total estimated cost of the specific segment or activity by either (1) the amount requested; or (2) the amount requested in addition to other specifically designated Federal, state, local, or private funding sources.)

Project Description: (Include the specific terminus points of the project or activity, as appropriate.)

Seeking authorization to conduct AA with anticipation of future New Starts/Small Starts application. No funding sought at this time

Project Activities: (May select more than one.)

- | | | | |
|---|--|---|-----------------------------------|

| <input type="checkbox"/> install | <input type="checkbox"/> mitigate | <input type="checkbox"/> implement | <input type="checkbox"/> realign |

What is the total estimated cost?

What amount is being requested?

What percentage of the total estimated cost is the request for Federal funding?

If the percentage is less than 80% identify other specifically designated Federal, state, local, or private funding that when combined with this request equal at least 80 percent.

Source:

Amount of Funding:

12. If you are requesting funding for a specific segment or activity, please describe the overall project of which this segment/activity is a part.

Project Description: (Please limit your response to 3-4 sentences; up to 500 characters.)

N/A

Total Project Estimated cost:

13. Is the project included in the State's Long-Range Transportation Plan? No

If Yes, please provide the date of approval of the most recent version of the plan and the title of the plan.

Date of approval (MM/YYYY):

Title of the plan:

14. Is the project included in the Metropolitan Transportation Improvement Program (TIP) and/or the State Transportation Improvement Program (STIP)? No

If Yes, please provide the date of approval of the most recent version of the program(s), and the title of the program(s).

Listed in TIP: Select One

Date of approval (MM/YYYY):

Title of the Program:

Listed in STIP: Select One

Date of approval (MM/YYYY):

Title of the Program:

15. If the project is an intercity passenger rail project is it included in the State Rail Plan?

Select One

If Yes, please provide the date on which the Governor approved the most recent version of the plan and the title of the plan.

Date of approval (MM/YYYY):

Title of the plan:

16. Please describe the current status of the project and the expected schedule for its completion.

Federal-aid Highway projects:

Select One if Applicable

Public Transit projects:

In Planning

Rail projects:

Select One if Applicable

Research:

Select One if Applicable

17. What is the expected date of completion of the project for which you are requesting funding (Between FY2010-FY2020)?

18. Does the project have regional or national significance? (A project of regional and/or national significance is typically a high-cost transportation infrastructure facility that often includes multiple levels of government, agencies, modes of transportation, and transportation goals and planning processes that are not easily addressed or funded within existing surface transportation program categories. These projects have national and/or regional benefits, including improving economic productivity by facilitating international trade, relieving congestion, and improving transportation safety by facilitating passenger and freight movement.)

Does the project have regional or national significance? Select One if Applicable

If Yes, Please describe the regional or national significance of the project. Please limit your response to 3-4 sentences (up to 500 characters):

The region's 2040 Growth Concept designates Oregon City as a Regional Center - expected to accommodate employment and population densities second only to the Portland City Center. The project represents an opportunity to accommodate significant future travel demand via transit instead of relying heavily on existing constrained highway capacity. Metro Resolution 09-4016 identified this project as a priority transportation project for the Portland region.

19. Describe the safety, economic development, mobility, and environmental benefits associated with completion of the project.

Safety Benefits: (Please limit your response to 2-3 sentences; (500 characters).)

The project will reduce vehicle miles traveled and vehicle hours of delay and provide a safe and reliable alternative to auto travel in the corridor.

Economic Development Benefits: (Please limit your response to 2-3 sentences; (500 characters).)

This project will extend the existing transportation infrastructure to a major regional center. Station areas on the existing alignments have experienced a total of \$7 billion in development since the inception of light rail in the Portland area. The project could be expected to realize similar development.

Mobility Benefits: (Please limit your response to 2-3 sentences; (500 characters).)

By using an existing exclusive transit way, this project ensures regional mobility and access to business districts and residential neighborhoods regardless of highway and local street congestion.

Environmental Benefits: (Please limit your response to 2-3 sentences; (500 characters).)

This project has the ability to significantly increase the transit mode share in the corridor, reducing dependency on fossil fuels and resulting greenhouse gas emissions.

20. Has the project previously received any Federal funding? No

22. Please provide the proposed legislative text (in no more than 250 characters) of the project as you would like it to appear in the bill. Please use action verbs to begin the description (for example, "construct," "plan," "design," "engineer," "research," or "rehabilitate"). Please note that project line items carry the force of law, and can only be amended through subsequent public laws. If Congressional intent (as established through answers listed on this form) is different from the legislative text, the entity administering the project is required to adhere to the statutory language.

Conduct an Alternatives Analysis for extending high-capacity transit to Oregon City from Portland.

23. Are you enclosing the letter referenced at the top of this form with the required formatting? Yes

24. Notes or anything else we should know about the project request:
