

Mr. Speaker, two years ago this month, over 18 nations came together at the World Summit on Sustainable Development in Johannesburg and made a commitment to increase worldwide access to clean water and sanitation.

Today, I introduced a bipartisan resolution to affirm the commitments made by the United States in Johannesburg, recognize efforts made to meet this commitment, and call for a greater effort by the U.S. and all developed nations towards meeting this public health, economic development, and environmental challenge. Original cosponsors of this resolution are **CHRISTOPHER SHAYS, GEORGE MILLER, JAMES GREENWOOD, TOM ALLEN and MARK UDALL.**

In 2002, 17 percent of the world's population lacked access to safe drinking water and 42 percent had no access to basic sanitation. Between 2 million and 5 million people die each year because of this lack of clean water and sanitation, including 4,000-10,000 children every day.

The resolution is supported by CARE, the Natural Resources Defense Council, MercyCorps, the National Wildlife Federation, Living Water International, and WaterPartners International.
