July 20, 2022

Joseph R. Biden, Jr.
President of the United States
The White House
1600 Pennsylvania Avenue, NW
Washington, D.C. 20500

Dear President Biden,

We share your belief that climate change is not only a crisis, but also an unprecedented opportunity to revitalize communities across the United States. Given the scope and urgency of the crisis, we request that you move to use the full power of the executive branch to combat climate change by declaring a national climate emergency.

Such a declaration would unlock the broad powers of the National Emergency Act (NEA), the Defense Production Act (DPA), and the Stafford Disaster Relief and Emergency Assistance Act to revitalize the economy, create millions of new, well-paying American jobs, and invest in healthy and resilient communities.

A national emergency declaration will allow the United States to mobilize domestic industry, ramp up domestic manufacturing of clean energy technologies, and deploy resilient energy infrastructure. The recent conflict between Russia and Ukraine underscores the need to shift from reliance on oil and gas toward domestic renewable energy. We have the tools to build up a stronger renewable energy industry in America, generating millions of high-quality American jobs and rejuvenating our post-pandemic economy.

We urge you to support the National Climate Emergency Act of 2021 (H.R. 794/ S. 938), introduced by Representatives Blumenauer and Ocasio-Cortez and Senator Sanders, which mandates a national climate emergency declaration and outlines the federal response, including principles of a just transition.

We urge you to act boldly, treating this like the emergency it is, by declaring a national climate emergency.

Sincerely,
Earl Blumenauer
